Hi Christopher,

Wanted to circle back with you on picking a specific day we would meet in Jersey City.

We can do any of the days December 2,3,4,5. And anytime. Just wanted to get that solid as we are meeting with other groups and want to plan around our meeting with you and your team.

Tomorrow we are launching DARVIS live and we look forward to showing you all the progress in December.

Best always.

Mr Kearns,

Not wanting to take up too much of your time. I am reaching out to see if you have some time this week to talk. I just need maybe 10 minutes of your time, looking to lock in some dates for a visit to discuss the road ahead (Pilot) and the tools we are building out for Jersey City.

Let me know if you are able to talk sometime this week or next week.

Thanks again look forward to talking with you.

Date: Monday, October 14, 2019 1:35:39 PM

Hello Christopher,

Wanted to start a dialogue with you and see what dates that might work for you and your team in early December.

Focus would be on showing forensics tool capability and talking about what area of Jersey City, DARVIS could deploy for a Pilot after the beginning of the year 2020.

I would suggest the first week of December 2-6 this way its not too late in December or we could even do December 9-13. We are free to schedule completely around your team. I hope this time frame works for you and again we are completely at your disposal for the time.

Thanks again.

Mr Kearns,

I wanted to follow up with you after a bit of time for your team to review the Spec sheet I sent you. Two things I would like to figure out. First, a date in December preferably first week Dec 2- 6 to come back to your office and work with your team to discuss the Pilot. Second, the parameters that were discussed in our previous meeting. Where would the DARVIS system be deployed? How many Cameras? System etc.

Look forward to hearing back from you soon.

No problem,

This company is the CCTV add-on that was I sat in with the Director.

It is very similar to a facial recognition/identifying software.
However what Darvis uniquely does, it creates a real-time avatar in the spot of each individual while labeling identifiers (age range, race, possible weapons/aggressive actions).

They uniquely are trying to solve the problem California is currently experiencing, the line between citizens privacy and the public safety.

Hi Bob, Chris, and Chris,

I still think that we should follow up with the exciting meeting we have had a couple of weeks ago.

We would like to talk about the next steps that lead into a pilot to prove and validate the use cases we talked about.

I suggest Monday, September 9th 10:00 am to have a conference (video) call.

Are you ok with that timing?

Please let me know

Best Jan

Am Fr., 23. Aug. 2019 um 12:59 Uhr schrieb Christopher Kearns <CKearns@njcps.org>:

Hi Jan,

Next week I have several openings, and I have a rather fluid schedule that is dictated by priorities within my projects. Chris Baker typically has the more concrete schedule so I will defer to him. I am looping in Bob Baker, our Director of Communications and Technology as well. As previously discussed his presence is important, and seeing as he is returning, hopefully he will be available.

Bob and Chris,

If you are available next week, please let me know a few times and dates that may work for you.

Thank you all,

Chris

Good morning Chris x 2 ,

I would also suggest to jump into a call to bring everyone up to the same page.

Maybe on Friday 3pm EST?

Best

2 x Jan

On Wed 7. Aug 2019 at 14:28, Christopher Kearns <CKearns@njjcps.org> wrote:

Good morning Jan & Jan,

My apologies as I wasn't sure which Jan I was to synch up with. To make things extra complicated, I have decided to add a second Chris from Jersey City to the mix.

Chris Baker, is the advisor/consultant I was discussing with you in the meeting, and he would be the best person to discuss all security concerns, and requirements. I'm not sure if it would be better to setup a conference call or continue our correspondence here. Jan, I briefly touched on what Darvis is, but Chris will need to be summed up on this as well.

Thank you all,

Chris Kearns

Hey Christopher,

Charlie here was wondering if you had some time to chat this week? Maybe Friday, wanted to follow up with you to help solidify a call with our team and yours. If this week doesn't work for you perhaps next week.

I know it's tough to get schedules to work out. Let me know what works for you.

Thanks again and I hope all is well with you.

Hi Chris, I am so sorry to hear that.
We can reschedule or we can talk to Chris and do another call next week.

up to you guys.

Best
Jan

All my apologies, my family has an emergency and I will not be available today.
Chris, if you are comfortable, please feel free it handle this, or we perhaps we can reschedule for next week.

Good morning Chris x 2 ,

I would also suggest to jump into a call to bring everyone up to the same page.

Maybe on Friday 3pm EST?

Best

2 x Jan

On Wed 7. Aug 2019 at 14:28, Christopher Kearns <CKearns@njcps.org> wrote:

Good morning Jan & Jan,

My apologies as I wasn't sure which Jan I was to synch up with. To make things extra complicated, I have decided to add a second Chris from Jersey City to the mix.

Chris Baker, is the advisor/consultant I was discussing with you in the meeting, and he would be the best person to discuss all security concerns, and requirements. I'm not sure if it would be better to setup a conference call or continue our correspondence here. Jan, I briefly touched on what Darvis is, but Chris will need to be summed up on this as well.

Thank you all,

Chris Kearns
